School Card Income Limits 2025

Additional School Card information can be found at:

<https://www.education.sa.gov.au/parents-and-families/financial-support-and-concessions/school-card>

below are the updated limits for 2025, also included is a Form A application, any other types can be found through the above website or from the school office.

Income limits

The income limits are for applications lodged in 2025 – based on your family's gross income in 2023-24.

To qualify for a school card, your family's gross income must be below a certain limit. This limit depends on how many dependent children you have and whether your child attends a government, independent, or Catholic school.

You will need to provide proof of income – such as payslips or Centrelink information.

For an assessment of your family's gross income to be completed by Centrelink you will need to have:

- lodged your 2023-24 tax return and received a notice of assessment, or
- lodged a non-lodgement advice with the ATO and/or Centrelink.

Government schools

Non-government schools

The income limits for students attending non-government schools are set by the Association of Independent Schools of South Australia (AISSA) and Catholic Education South Australia (CESA).
